

# Trinidad & Tobago Year Grade-5 Mathematics Curriculum

#	Chapter	Topic
1.	<b>Number System</b>	1.1 Place Value System
		1.1 Number Concepts and Place Value System
		1.2 Comparing, Ordering and Rounding Numbers
		1.3 Factors, Multiples and Types of Numbers
		1.4 Sequences and Patterns
2.	<b>Operations on Whole Numbers and Estimation</b>	2.1 Addition of Whole Numbers and Estimation
		2.2 Subtraction of Whole Numbers and Estimation
		2.3 Multiplication with Whole Numbers and Estimation
		2.4 Division with Whole Numbers and Estimation
3.	<b>Fractions</b>	3.1 Fraction Review
		3.2 Comparing and Arranging Fractions
		3.3 Addition and Subtraction of Fractions
		3.4 Multiplication and Division of Fractions
4.	<b>Decimals</b>	4.1 Understanding Decimals
		4.2 Addition and Subtraction of Decimals and Estimation
		4.3 Multiplication and Division of Decimals and Estimation
5.	<b>Percents</b>	5.1 Percents and Applications
		5.2 Converting Fractions, Decimals, Percents
		5.3 Compare and Order Fractions, Decimals, Percents
		5.4 Applications involving Discounts, Commission, VAT, Simple Interest
6.	<b>Money</b>	6.1 Bills /Best Buy /Rates /Charges
		6.2 Profit and Loss
		6.3 Wages and Salary
7.	<b>Geometry</b>	7.1 Definitions of Basic Terms
		7.2 Angles and Types of Angles
		7.3 Triangles and Quadrilaterals
		7.4 Understanding Symmetry and Lines of Symmetry
		7.5 Solids and Cross-section of Solids
8.	<b>Measurement</b>	8.1 Unit Conversions
		8.2 Operations on Measurements
		8.3 Volume of Cube and Cuboid
		8.4 Time
		8.5 Perimeter and Area
9.	<b>Statistics</b>	9.1 Data and Frequency Charts, Tally Charts
		9.2 Block Graph, Bar Graph, Pictograph and Line Graph
		9.3 Mode and Mean
